LONDON BUILD WOMEN IN CONSTRUCTION MORNING TEA

As a London Build Women in Construction Ambassador you would be invited to attend the Women in Construction Morning Tea on Wednesday 24 October, at the London Build Expo at Olympia London.

At this event you will meet with our selected group of Ambassadors, allowing you to not only strengthen and build your existing network of contacts, but to become part of a bigger community of like-minded business leaders.

In addition, we would encourage you to share your experiences and best practice with aspiring minds and demonstrate the exceptional opportunities a career in construction can offer.

GROWTH OF THIS NETWORKING EVENT

At the London Build Expo 2017, we worked with NAWIC, Built by Both, Women in Property, the Federation of Master Builders and many more key industry figures, registering **1,150 female visitors** to the session.

Our aim is to make this year's morning tea to be even bigger and remain the **UK's largest gathering of women working in construction!**

WHY JOIN AS AN AMBASSADOR?

At London Build we actively seek out professional and talented women within the construction industry to represent the extraordinary skill sets and expertise the industry has to offer.

Not only do we search for and appoint recognised and award-winning women for London Build, we focus on showcasing the advantages of being a woman in construction and strive to have a strong female line-up in our content programme.

It's important for us to tell the many amazing career stories within the industry and hear from inspiring women on what they have achieved and how they can motivate others to follow a similar path to success.

Our mission is to ensure that businesses within the construction industry, and the people leading them, have every opportunity to thrive.

INTERESTED IN BECOMING AN AMBASSADOR?

Get in touch with the London Build Team to become an official Ambassador for this networking event and help us raise awareness for more diversity in the building and construction industry.

Join us for the largest gathering of women in the built environment in the UK and grow your connections.
